

## LS2010

**READ ALL SAFETY INSTRUCTIONS FIRST**

- › Follow instructions carefully, failure to do so will void warranty.
- › Ensure installation complies with local law and applicable standards.
- › Input voltage is 120-277 V AC, 50/60 Hz
- › Only use Lumascape power supply, control equipment and leader cables.
- › Ensure mains input power is surge protected.
- › Never make connections whilst the power is connected.
- › Do not make modifications or alter the product.
- › Keep luminaire and connections clean and free of debris and moisture.
- › It is the installers responsibility that the installation is adequately sealed to avoid moisture ingress.

**Type 84 Connection**

Flexible cable, single entry, for hard wired installations. Connect to supply cable. Refer to table for conductor colour and designation.

Colour	Designation
Blue	Neutral
Green	Earth
Brown	Active
Black	Data

Power supply must be isolated prior to connection or disconnection of cables. Failure to do so will result in damage to the luminaire components.
